CAREER HIGHLIGHTS

- Designed and delivered 10+ UI/UX projects including mobile apps, web platforms, and redesign concepts using Figma.
- Created responsive interfaces and promotional creatives that improved user engagement and strengthened brand visibility.
- Worked across UI/UX design, graphic design, and digital marketing, gaining practical experience in user-centered design and business-focused solutions.
- Built a professional design portfolio showcasing end-to-end design processes from research to high-fidelity prototypes.

PROFESSIONAL EXPERIENCE

UI/UX Designer | Dvilit | Bangalore, India | Feb 2026 – Jun 2026

Contributing to UI/UX design, graphic design, and digital marketing initiatives by creating engaging digital experiences and promotional assets.

- Designed responsive website sections, carousels, and promotional creatives aligned with business goals and brand identity.
- Applied UI/UX principles and SEO fundamentals to improve usability, accessibility, and user engagement.
- Collaborated with development and marketing teams to ensure consistent visual communication across platforms.
- Assisted in digital marketing campaigns by creating social media creatives and promotional materials.

Data Science Intern | Chennai, India | Sept 2025

Deliberate career transition focused on learning AI-powered design workflows, and building portfolio case studies.

- Worked on predictive analytics projects using machine learning techniques and historical datasets.
- Strengthened analytical thinking and problem-solving skills through data-driven project development.
- Applied research and analytical insights to better understand user behavior and decision-making patterns.

UI/UX Design Intern | BICS Global | Chennai, India | Feb 2025

Grew from social content design to owning full campaign strategies for 5+ brand clients.

- Created wireframes, user flows, prototypes, and high-fidelity designs using Figma.
- Conducted user research and usability testing to identify opportunities for improving user experience.
- Collaborated with developers to ensure pixel-perfect implementation and design consistency.

PROJECTS

Shrestha Cloud Solutions – Corporate Website UI Design (INTERN):

- During my internship, I worked on the UI design of the live website for Shrestha Cloud Solutions, an IT consulting and software development company.
- Created a modern and professional interface that clearly presents the company's services and builds trust with potential clients.
- Designed a clean, responsive, and user-friendly website with improved navigation, visual hierarchy, and service-focused layouts.
- Delivered a modern corporate website experience that enhances usability and strengthens the company's online presence.

Eatopia – Food Delivery App :

- Designed and prototyped a mobile food delivery application focused on improving user experience, accessibility, and navigation flow.
- Conducted user research and created wireframes, user flows, and interactive prototypes.
- Developed a visually appealing interface with clear information architecture and intuitive interactions.

Appointment Scheduler Application – VMS:

- Designed a communication and scheduling platform to streamline interactions between staff members and administrators.
- Improved meeting coordination through user-friendly workflows and structured scheduling features.
- Focused on usability, clarity, and efficient task management.

Apple AirPods Interface Redesign:

- Reimagined the AirPods product experience with a modern and user-centered interface.
- Focused on product presentation, user interaction, and responsive design principles.
- Created high-fidelity prototypes demonstrating improved usability and visual appeal.
